

A hand is shown holding a small, illuminated model house. The house has several windows that are lit from within, and the overall scene is set against a dark, blue-toned background. The hand is positioned at the top right, with fingers gently gripping the roof of the house. The house itself is a two-story structure with a gabled roof and several windows of different shapes and sizes, all of which are glowing with a warm, yellow light.

Give your home a HUG!

FREE energy efficiency improvements to make your home feel loved!
